COMPANY
PROFILE

INTRODUCTION

Set up in 1995 by highly qualified, experienced professionals, Concept Equipments, has evolved into a multifaceted company with a truly customer oriented approach and a proven commitment to excellence in every sphere of its activity. We provide consultancy, services for BPO, web based applications, ecommerce solutions. The thrust is on delivering total solutions from 'Concept' to 'Completion'.

OUR TEAM

Piyush Ganediwala
Founder

Our founder, Mr Piyush Ganediwala is the strength behind our company. Founded way back in 1995, Concept Equipments has been constantly updating its skills, knowledge and product range to cater to the ever changing consumer and business needs. Being a technology lover himself, Piyush has driven company to do innovative projects using latest technological tools. Piyush's vision has helped company not only cater to just CCTVs but to a huge range of digital security systems along with automations thus helping our clients deliver complete projects.

WHY US?

We're a 25+ years young team with over 100+ years of combined experience. We're passionate about the work and are updated with the industrial trends. We bring in a perfect blend of old business with modern ideas. We believe not only in just delivering a product but an experience. We help customer right from the consultation as to what product to buy till installation followed by an AMC to have a worry free experience.

CLIENT REVIEW

Amisha Mehta Art Curator / Amisha Mehta

I am Amisha Mehta, Art Curator. I would like to give my personal reference to Piyush Ganediwala, Concept Equipments.

I was truly amazed by the service, at my time and convenience for site visit, to installing cameras within no time before the deadline date. 6 cameras were installed in just a few hours with perfection and very efficient engineer accessible anytime required. Apart from just installing, helped us to reduce the unnecessary cost and made it feasible and viable in running.

Work, efficiency, cost, service at its best.

I would highly recommend the best security service rendered. Wishing super success in accomplishment at any task.

Rath Infotech and Web Solutions Pvt. Ltd / Sumeet Mehta

I would like to give my personal reference to Piyush Ganediwala, from Concept Equipments, a digital security solutions company.

We had used Piyush's expertise while getting our new office at Grant Road done. With his proper guidance and expert advice, we not just got our CCTV and Access Control systems in place but saved where we could and spent where we should. He also guided us to put provisions in place for future requirements.

I wish Piyush and complete Concept Equipments team all the best and will definitely connect them to my contact spheres. If you're looking to get security solutions for your home, office or society without having to break your head, do contact them!

Belvedere Court Condominium / Rajiv Sharma (Property Manager, CBRE)

I am writing to thank you for the quality of service provided by your company. We "sincerely appreciate your efficient, gracious customer service, the level of detail and accountability you have demonstrated on each project, and the way you conduct business as a" whole.

Your professionalism and positive attitude are greatly appreciated.

Jayant Agro Organic Ltd. / Ambuj Chaturvedi

Had a wonderful and hassle free experience while purchasing and installing CCTV Cameras, Biometric Attendance System and Access Control System, and Fire Detection/Sprinkler from Concept Equipments. The team at Concept Equipments is always ready to help and solve all the queries. We have bought CCTV Surveillance Systems and never had any complaints in the past 7 years. The best thing is that they assist you on calls even post their job is done if you have some difficulty in operating your Attendance System and Access Control System.

Samudra Mahal / Rajiv Sethi, Hon. Secretary

Concept Equipments have been associated with us August 2011 and we are satisfied with the services rendered by them for installation and maintenance of our CCTV surveillance equipment.
